A Gerber Scientific Company

**PRODUCT REGULATORY INFORMATION :
EU'S REGULATION ON RoHS & REACH**

September 7, 2016

TO: Whom it May Concern
RE: **RoHS II & REACH COMPLIANCE FOR GERBERCOLOR™ FOILS**

Gerber Scientific Products, Inc. is in receipt of your request relating to Gerber foil products (see Table 1) and their compliance with the European Union's RoHS II and REACH (or Restriction, Evaluation and Authorization of Chemicals) Directives. Gerber provides the following information with regards to these products:

EU RoHS

Gerber Scientific, Inc. is please to report that the products listed in Table 1 do not exceed the maximum concentration values (MCVs) within the EU Directive on the Restriction of the Use of Certain Hazardous Substances in Electrical and Electronic Equipment, or RoHS, as defined in 2002/95/EC and as amended under EU Directive 2011/65/EU.

EU REACH

With regards to REACH, Gerber provides the following in regards to these products:

1. This product is an article
2. It is without intended release
3. It is not a chemical preparation and, as such, is not subject to registration requirements

As an article, suppliers have an obligation to inform customers in the European Union if the products they are purchasing contain substances on the candidate list of potential Substances of Very High Concern (or SVHCs) over the reporting threshold of 0.1%.

The products listed in Table 1 do not contain greater than 0.1% by weight of a Substance of Very High Concern identified according to Article 59 of REACH. This declaration reflects the substances on the candidate SVHC list, effective through June 30, 2016.

GERBER PART NUMBER	DESCRIPTION
ALL FOILS AS USED IN GERBER'S THERMAL TRANSFER PRINTERS	GERBERCOLOR™ FOILS – ALL COLORS

Please be advised that we do not routinely analyze the products listed above; in preparing this response, we have relied on information provided by our suppliers. Furthermore, while we do not knowingly introduce any of the identified substances in our manufacturing, we cannot guarantee that the products are entirely "free" of the substances listed above, as trace amounts of the substances may be present in the environment, creating a potential for low-level contamination. For the foregoing reasons, the information provided in this response is given according to our best knowledge and experience as of the date of this letter, but NO REPRESENTATION, GUARANTY OR WARRANTY, EXPRESS OR IMPLIED, IS MADE AS TO THE ACCURACY, RELIABILITY OR COMPLETENESS OF THE INFORMATION OR TO ANY SPECIAL QUALITY OR FITNESS OF THE PRODUCTS FOR A SPECIAL APPLICATION.

Thank you for your inquiry.
